Rates are per 100,000 and age-adjusted to the 2000 U.S. standard by 5-year age groups.

 $<sup>^{\</sup>wedge}$  Statistic not shown. Rate based on less than 25 cases for the time interval.

Trend based on less than 10 cases for at least one year within the time interval

<sup>\*</sup> The APC is significantly different from zero (p<0.05).
