

Did You Know?

Video Series

Created by NCI's Surveillance, Epidemiology, and End Results (SEER) Program & the Office of Communications and Public Liaison

The *Did You Know?* Video Series provides approximately 3-minute informational videos on various cancer topics. The videos communicate key statistical data on different types of cancer to the public in understandable, clear, and concise language. Each video also provides background information on cancer types and risk factors, and encourages action when appropriate.

Statistics Featured in Videos:

- New diagnoses (incidence) for one year
- New diagnoses for multiple years
- New diagnoses by race/ethnicity and/or sex
- 5-year relative survival
- 5-year survival by cancer stage
- 5-year survival over time
- Death rates (mortality) by race/ethnicity and/or sex
