#2: 2004 SEER Manual, 11

Question:

Multiple Primaries (Pre-2007)--Testis: How many primaries should be reported when seminoma is diagnosed simultaneously in both testicles and both tumors are encapsulated?

Discussion:

Answer:

For tumors diagnosed prior to 2007:

Report this cases as two primaries, unless there is information in the record confirming one primary.

For tumors diagnosed 2007 or later, refer to the MP/H rules. If there are still questions about how this type of tumor should be coded, submit a new question to SING and include the difficulties you are encountering in applying the MP/H rules.
