Question:

Multiplicity Counter--Thyroid: How is this field coded for a tumor described as "multinodular carcinoma of the thyroid"? See Discussion.

Discussion:

This information is from a pathology report. No other information is available.

Answer:

Count the number of measured nodules. If the nodules are not measured, code 99 in the multiplicity counter.

Cancer Site Category:

Thyroid

Data Item Category:

N/A

Other Category:

N/A

Year:

2008
