2007 SEER Manual, C-701. Appendix C

Question:

Surgery of Primary Site--Ovary: How should this field be coded for an ovarian primary when there is a BSO and only the fundus of uterus is removed (not a full hysterectomy)?

Discussion:

Answer:

Assign surgery code 52 [Bilateral (salpingo-) oophorectomy; WITH hysterectomy]. Code 52 does not exclude a partial hysterectomy.

Cancer Site Category:

Ovary

Data Item Category:

Surgery of Primary Site
