Question 20091094

References:

2007 SEER Manual, 1

Question:

Reportability--Anal canal: Are squamous cell carcinomas arising in a condyloma of the rectum reportable or should we assume that the site is skin of anus or perianal area and not reportable?

Discussion:

Answer:

Squamous cell carcinoma arising in a rectal condyloma is reportable. Do not assume the site is skin of anus or perianal.
