Question 20140020

References:

2014 SEER Manual, 1

Question:

Reportability--Breast: Is ADH/DCIS reportable?

Final Dx for left Breast biopsy: Atypical epithelial proliferation (ADH/DCIS). Comment: Sections show small focus of atypical epithelial proliferation with features of atypical duct hyperplasia/low grade duct carcinoma in-situ.

Discussion:

Answer:

ADH/DCIS is reportable. DCIS (duct carcinoma in situ) is a reportable neoplasm. When DCIS is stated as the final diagnosis, report the case.
