## Question 20230002

### References:

2021 SEER Manual. Appendix C: Prostate Surgery Codes

### Question:

First Course Therapy/Surgery of Primary Site--Prostate: What is the correct surgical code for irreversible electroporation ablation of the prostate diagnosed in 2021?

### Discussion:

### Answer:

Assign code 17 for irreversible electroporation ablation of the prostate when there is no tissue submitted to pathology for a 2021 or 2022 case.

Assign code A170 for a 2023 case.

### Cancer Site Category:
