

PROSTATE: 2014 Grade Conversion Table—use in priority order from left-to-right*

Gleason Score	Differentiation/Nuclear Grade-- 2-, 3- or 4-Grade System Info	Grade Terminology/Descriptions	GRADE CODES:
2,3,4	1/2, 1 of 2; 1/3, 1 of 3; 1/4, 1 of 4	Only stated as Grade I; Low Grade, Grade I-II; Well differentiated , Differentiated NOS, Partially well differentiated	1
5,6			1
7	2/3, 2 of 3; 2/4, 2 of 4	Only stated as Grade II; Medium grade, Intermediate Grade, GR II-III; Moderately differentiated , Fairly well differentiated, Intermediate differentiation, Mid differentiated, Moderately well differentiated, Partially differentiated, Relatively or generally well differentiated	2
8,9,10	2/2, 2 of 2; 3/3, 3 of 3; 3/4, 3 of 4	Only stated as Grade III; High Grade, Grade III-IV; Poorly differentiated , Moderately poorly differentiated, Moderately undifferentiated, Relatively poorly differentiated, Relatively undifferentiated, Slightly differentiated, Dedifferentiated	3
---	4/4, 4 of 4	Only stated as Grade IV; Undifferentiated , anaplastic, not differentiated	4
---	---	Non-high grade	9

*** LTR Note 1:** Per **Grade Rule 5**, if there is more than one grade, **code highest grade (even if only a focus)**, in priority order, from the first applicable grading system. Each column represents an applicable grading system as expressed in Grade Rule 5. **These guide tables do not replace the rules as provided in the official 2014 grade document**

PROSTATE: Grade Conversion Table over Time Based on Gleason Score

	GRADE CODES:		
Gleason Score	Dxd 2014+	Dxd 2003-2013#	Dxd <2003#
2,3,4	1	1	1
5,6	1	2	2
7	2	3	2
8,9,10	3	3	3

LTR Note 2: *For cases diagnosed 2013 and older, the grades codes shown in these columns are solely based on "Gleason Score." For grade conversion of terminology OR descriptions, such as grade 2/3 or grade II or moderately differentiated, etc., see the corresponding SEER Program Coding Staging Manual for grade conversion codes at <http://seer.cancer.gov/tools/codingmanuals/historical.html>*

BREAST: 2014 Grade Conversion Table—use in priority order from left-to-right*

Nottingham/Bloom Richardson (BR) Scores	BR Grade	Differentiation/ Nuclear Grade-- 2-, 3- or 4- Grade System Info	Grade Terminology/Descriptions	GRADE CODES:
3-5	Low (BR Grade 1)	1/2, 1 of 2; 1/3, 1 of 3; 1/4, 1 of 4	Only stated as Grade I; Low Grade; Grade I-II Well differentiated , Differentiated NOS; Partially well differentiated	1
6,7	Medium/Intermediate (BR Grade 2)	2/3, 2 of 3; 2/4, 2 of 4	Only stated as Grade II; Medium grade, Intermediate Grade, GR II-III; Moderately differentiated , Fairly well differentiated, Intermediate differentiation, Mid differentiated, Moderately well differentiated, Partially differentiated, Relatively or generally well differentiated	2
8,9	High (BR Grade 3)	2/2, 2 of 2; 3/3, 3 of 3; 3/4, 3 of 4	Only stated as Grade III; High Grade, Grade III-IV; Poorly differentiated , Moderately poorly differentiated, Moderately undifferentiated, Relatively poorly differentiated, Relatively undifferentiated, Slightly differentiated, Dedifferentiated	3
---	---	4/4, 4 of 4	Only stated as Grade IV Undifferentiated , anaplastic, not differentiated;	4
---	---	---	Non-high grade	9

*** LTR Note 1:** Per **Grade Rule 5**, if there is more than one grade, **code highest grade (even if only a focus)**, in priority order, from the first applicable grading system.
